

Viamaster™ LED

LOW MAINTENANCE LIGHTING FOR THE WHOLE FACILITY

VIAMASTER LED SERIES

- How to pronounce it
 - ‘v-EYE-uh’ Master
- The Latin word Via means “path” or “way, and works well with the usage for this fixture – often to light walkways, tunnels, paths, etc.

VIAMASTER LED LUMINAIRES

Appleton introduces easy to install, easy to maintain Viamaster linear LED lighting for harsh and hazardous locations:

- Appleton offers one design for both NEC and IEC markets – offers convenience and simplicity
- Wide range of lumen outputs and voltages available – to work in more applications
- Low weight, slim profile, well engineered hinged design and multiple mounting options available - for ease of installation and maintenance

COMPLETING THE FAMILY OF LED LUMINAIRES FROM APPLETON
